170,0 mm

140,0 mm

Drilling template (1530-00122)

Installation:

MUST BE PRINTED IN SCALE 1:1

4 x hole
to be drilled

Use the drilling template shown to the left of this drawing.
Before proceeding check that the measurements are correct.

1. Cut the template along the product outline
2. Cut away the hatched area
3. Place the opening in the template, so that the lowest line of the opening in the wall or the wall junction box is within the 2 lines marked A and B
4. Attach the template to wall with adhesive tape
5. Mark the center of the 4 holes to be drilled
6. Remove template and drill holes
