

CleverShare Screen Mirroring Software

Create collaborative and one-to-one learning from the front row to the last— simply and easily. Stream up to nine student devices on the MimioPro 4 display or bring the display to individual devices. **Now learning has no boundaries!**

Install the app on all student devices and teacher devices to create greater collaborative and cooperative learning while gaining more in-depth understanding of the students' comprehension.

CleverShare screen mirroring software's broadcast feature puts the content right on the student's device, allowing students to practically hold the front-of-the room display in their own hands.

Key Features

Stream any combination of up to nine mobile devices, tablets, laptops, and even Chromebooks.

Easy-to-use app that puts the teacher in control of what is viewed, shared, and enhanced with full-screen viewing.

Intuitive design automatically adjusts for the number of devices being displayed at the front of the classroom.

Extremely responsive software with almost no lag time.
