

MimioFrame 80W touch board kit

The MimioFrame touch board kit turns your conventional whiteboard into a touch board in under five minutes using your existing classroom whiteboard, projector, and computer.

Create a touch board with ease using your conventional whiteboard. The MimioFrame touch board kit allows the teacher and multiple students to work together with **10-point Touch 360° interactivity**. Students write and manipulate objects above, below, or parallel to one another with a smooth and consistent response—making collaborative learning at the front of the classroom a reality.

- **Engage multiple users** in collaborative lessons or activities with 10 simultaneous touch points.
- The frame installs directly onto your dry erase board using industrial strength tape—**no drilling, no mess, and no losing valuable whiteboard space**.
- **Includes the dynamic MimioStudio™ classroom software** and the MimioMobile™ app, which together enable collaboration and assessment at the front of the room or on almost any device. Comes with three free MimioMobile connections.
- The lightweight kit design allows for **easy installation and 75% less shipping costs** than a standard touch board.

To learn more, visit boxlight.com/mimioframe or call 866.972.1549.

Touch-based collaboration and learning in under five minutes!

TURN YOUR CONVENTIONAL WHITEBOARD INTO A TOUCH BOARD IN MINUTES

Apply the MimioFrame touch board kit to your current whiteboard to create a 10-touch collaborative learning solution in under five minutes—**enjoy your digital classroom of the future now.**

LEVERAGE YOUR CURRENT RESOURCES

Use your existing projector, classroom computer, and whiteboard with the MimioFrame kit to create an 80 in. (diagonal) collaborative area.

DRY ERASE SURFACE

Don't lose your current whiteboard! The MimioFrame pieces attach directly to your dry erase board so you still can use it.

MULTIPLE STUDENTS COLLABORATING

With **10 touch points**, you'll enjoy true collaborative learning with **four, six, or even 10 students** working together.

INFRARED TOUCH TRACKING

80.3 in.

TOUCH INTERACTIVITY FOR LESS

Almost 6 ft wide and 4 ft tall (16:10 aspect ratio), add reliable cost-effective touch-based interactivity to your conventional whiteboard. Plus, it's **75% less expensive to ship** than a standard touch board.

INCLUDES MIMIOSTUDIO CLASSROOM SOFTWARE

Our easy-to-learn software creates interactive multimedia lessons that engage students, inspiring them to participate in learning opportunities. MimioStudio software drives all Boxlight products, so teachers only have to learn a single, intuitive software application.

MimioFrame touch board kit

- Lightweight frame easily attaches to your current whiteboard using the included industrial strength double-sided tape
- Touch technology brought to your classrooms affordably and easily
- Includes MimioStudio lesson creation, collaboration, and assessment software

ENGAGE, COLLABORATE, AND ASSESS WITH EASE

MimioStudio collaboration and assessment software allows educators to create dynamic interactive lessons and activities. The software also opens SMART Notebook, Promethean, and PowerPoint files at the object level, enabling educators to use the interactive content they already have.

Imagine the teacher moving around the classroom while remaining in full control of the front-of-the-room display using their mobile device or MimioPad™ wireless tablet? It's no problem with the three free MimioMobile app connections!

WHOLE-CLASS LEARNING

MimioStudio software—so easy to use and engaging, your teachers will use it every day.

The MimioFrame touch board kit includes the dynamic MimioStudio classroom software. It connects the Boxlight products, so using other tools—from the document camera to the pen tablet—is quick and easy. MimioStudio software allows educators to create interactive lessons and collaborative activities, as well as perform real-time formative assessment. The software also opens other IWB activities, enabling educators to use the interactive content they already have. **Take learning even further with our MimioMobile app, which brings group learning and collaboration to almost any device.**
