

MimioDisplay3

Interactive Touchscreen

Deliver brilliant instruction on the LED-backlit 4K Ultra HD HDR 20-touch and digital pen display.

Every day, educators all over the globe rely on Boxlight technology to deliver inspiring, engaging and transformational learning experiences. We've combined teacher, learner, and school feedback to make our greatest leap yet, a future-proof and outcome-focused teaching resource.

MimioDisplay3 Package – Optimized for in-class teaching & learning!

Students will see everything on the vibrant MimioDisplay. Choose from the 4K Ultra HD HDR 65", 75" and 86" models, offering all the features of a pen and touch-driven interactive whiteboard with the simplicity and elegance of a state-of-the-art, ultra-high definition display.

Natural User Interface: Pen, Palm and Touch

Simple and effortless, the Natural User Interface makes working with the MimioDisplay as instinctive as possible. Feeling creative? Grab the digital pen. Made a mistake? Your palm is the eraser. Supports Windows Ink in MS Office to make interaction more seamless than ever.

MimioStudio Software Suite*

Powerful collaboration and classroom assessment software that allows you to create and present interactive lessons. Take learning even further with our MimioMobile™ app, which allows group learning and collaboration on almost any device.

Screen Mirroring with Unplug'd

Create collaborative and one-to-one learning opportunities that leave no student behind. Mirror up to four devices on the display; or cast what's on-screen to the entire class. Unplug'd puts your content front and center, allowing your students to virtually hold your front-of-class display in the palm of their hands.

Training and Support You Can Count On

We know how important it is to feel confident in the tools you use every day, so we make sure you can count on our products and service. Our customer service team is available 24/7 to provide guidance and tech support. Each board comes with a 5-year warranty and online training modules that teach you the basics of using the MimioDisplay3 and MimioStudio* in your classroom.

*Substitute with OKTOPUS software, including Blend (premium lessons and collaboration) and GameZones at no extra charge. Training on OKTOPUS, Blend and GameZones included with substitution.
